

# DOMINIK STEINHAUSER

FULLSTACK DEVELOPER

I am a digital media graduate with working experience in research projects as well as in the private sector.

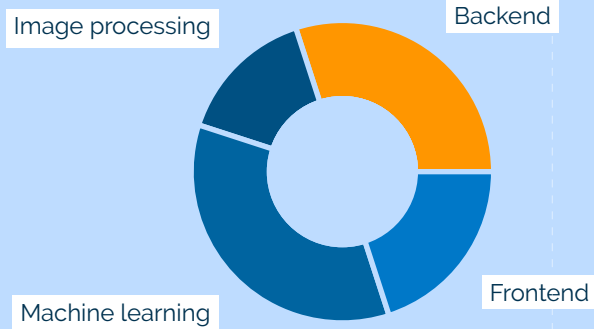

as latest degree from  
**Brno University of  
Technologies**

And I am always looking for new exciting and interdisciplinary projects worldwide.

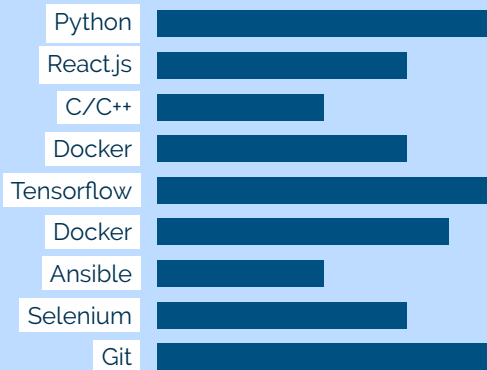

## AREAS OF INTEREST

### FOREIGN LANGUAGES

- English (B2)
- Spanish (B2)
- German (B1)

## FUNGUS APP

Google Play

I started a start up specializing in image recognition. We are developing an application that classifies mushroom species based on the image and other metadata. The team currently has 3 members.

## EXPERIENCE AND EDUCATION

2021

Experience Projects Education

June 2020 Computer vision engineer  
SANEZOO

March 2019 Founder and Developer  
Fungus app

February 2019 Software Engineer  
Vacuumlabs

January 2018 Programmer of Computer  
IXPERTA

August 2017 Python programmer  
IXPERTA

May 2017 Ing. Graduation  
BUT

March 2017 Developer  
Mushroom Identification app

June 2015 Hardware programmer  
Codasip

May 2015 Bachelors's Degree  
BUT

June 2014 PHP Programmer  
Bestone Service

2014

## PROJECTS

5/2017 – Present	<b>Sanezoo</b> Lorem ipsum dolor sit amet, consectetur adipiscing elit. Donec a diam lectus. Lorem ipsum dolor sit amet, consectetur adipiscing elit. Donec a diam lectus. PHP / Laravel	
2/2019 – 6/2020	<b>Fungus App</b> Lorem ipsum dolor sit amet, consectetur adipiscing elit. Donec a diam lectus. Lorem ipsum dolor sit amet, consectetur adipiscing elit. Donec a diam lectus. PHP / Laravel	<b>Vacuumlabs</b>
1/2018 – 2/ 2019	<b>StockTwits.com</b> As a part of a four-member frontend team I was working on the development, maintenance and refactoring of a social network dedicated to the Stock Exchange. Apart from developing new features we significantly improved the code quality. PHP / Laravel	<b>Vacuumlabs, Stocktwits.com</b>
8/2017 – 1/2018	<b>Industrial Vision startup</b> As a backend team, we were creating a new system of visual quality control in the industry. The system had to be highly reliable as the whole production line was stopped when an error occurred. I was responsible for the computer vision part; doing pre-sales experiments, and integrating and tweaking existing image processing algorithms. Docker Swarm / Ansible / Microservices architecture / Tensorflow / Python	<b>Ixperta</b>
6/2015 – 8/2015	<b>Škoda Auto testing</b> I was leading a team of three engineers. We were responsible for creating a testing framework for a team of 20 manual testers to be able to create and manage test cases in a web UI. Real cars, car parts, simulators and the company web application were connected to our system. We were fully responsible for the design of the product, selected technologies and dev- ops. I was responsible for the communication with the customer and addressing their feedback to develop an application to match their needs. I also trained the manual testers and saved them many hours of the most monotonous work every day by allowing them to concentrate on more sophisticated test cases. Python / Selenium / PostgreSQL / Docker	<b>Ixperta, Škoda Auto</b>
6/2014 – 12/2014	<b>Screenix</b> We were a team of four engineers. We created a tool for checking sanctioned people and organizations to comply with Czech international business law. There are public lists of terrorists, authored by the UN, governments and ONGs, that are organized in many different ways, each providing quite limited information. We had to tackle the fuzzy nature of the problem as many sanctioned subjects used different pseudonyms; and information was uncertain, incomplete, and possibly faked by the checked business partners. Python / Docker	<b>Ixperta, Agrofert</b>

## EDUCATON

2015 – 2017	<b>Master's Degree</b> Lorem ipsum dolor sit amet, consectetur adipiscing elit. Donec a diam lectus. Lorem ipsum dolor sit amet, consectetur adipiscing elit. Donec a diam lectus. Lorem ipsum dolor sit amet, consectetur adipiscing elit. Donec a diam lectus.	<b>Brno University of Technology</b>
2012 – 2015	<b>Bachelor's Degree</b> Lorem ipsum dolor sit amet, consectetur adipiscing elit. Donec a diam lectus. Lorem ipsum dolor sit amet, consectetur adipiscing elit. Donec a diam lectus.	<b>Brno University of Technology</b>
